

CIN2

Multimodal Approaches

What's the course about?

Integrating multimodality into curricular resources and outcomes can provide optimal conditions for knowledge retrieval and deeper learning. In this course, discover how Microsoft tools can help represent knowledge in various forms and combine modalities to create instructional resources and experiences with multimodal approaches.

Skills and Knowledge Acquired

- Create optimal resources for learning with Copilot, OneNote, and Classwork.
- Enhance engagement with interactive tools like OneNote, Teams, and Whiteboard.
- Facilitate active learning and knowledge retrieval with OneNote

Course Information

- Gain access to a library of resources and tutorials.
- Available as a 2 hour, half-day or full day course.
- Live online or in-person training options.
- Training by official Microsoft Global Training Partner trainers and consultants.
- Certificate of Attendance provided.

Apps Explored

This course can be used in these Learning Designer Pro certification routes
