Creativity with Video

What's the course about?

Video is ever-present in our lives and learning, but knowing how to script, shoot, edit and produce video is a skill that opens up incredible creative potential for teachers and students alike. Learn how to integrate Canva's video and animation features into your classroom practice and guide learners through the process of combining visuals, text, and motion to produce captivating videos. Not only do students become effective content creators, but they acquire digital literacy too.

Skills and Knowledge Acquired

- Master Canva's video features to enhance clarity and appeal of instructional content.
- Explore auditory and visual alternatives to traditional teaching methods.
- Promote creative self-expression through video projects.

Course Information

- Gain access to a library of resources and tutorials.
- Available as a 2 hour, half-day or full day course.
- Live online or in-person training options.
- Training by official Canva for Education Partner trainers and consultants.
- Certificate of Attendance provided.
