# Assistive Learning

## What's the course about?

Learn how the Microsoft ecosystem is an optimal environment for assistive learning, and designing adaptable content that cater to varied learning abilities. In this course, you'll learn how to best drive accessibility with Microsoft Teams, learning accelerators, accessibility tools, and copilot to augment and support any learner's needs.

## Skills and Knowledge Acquired

- Utilize Microsoft OneNote to activate background knowledge.
- Leverage Immersive Reader and Reading Progress for tailored reading experiences.
- Use Microsoft translate to support multilingual comprehension.
- Tap into the power of AI, Microsoft Teams, and to help design adaptable content

## Course Information

- Gain access to a library of resources and tutorials.
- Available as a 2 hour, half-day or full day course.
- Live online or in-person training options.
- Training by official Microsoft Global Training Partner trainers and consultants.
- Certificate of Attendance provided.
