# Enriching Outcomes with Digital Creativity

## What's the course about?

High quality learning outcomes and student presentation of work can be enhanced by integrating digital creativity into your curriculum. In this course, learn how to inspire students to present their work in visually compelling ways, fostering pride and ownership over their creations, and use Microsoft's suite of design tools to enhance traditional assignments and projects.

## Skills and Knowledge Acquired

- Encourage innovative project presentations with Canva and Powerpoint.
- Blend traditional assignments with digital creativity for enriched outcomes.
- Cultivate a design mindset.
- Showcase student work through presentation tools

## Course Information

- Gain access to a library of resources and tutorials.
- Available as a 2 hour, half-day or full day course.
- Live online or in-person training options.
- Training by official Microsoft Global Training Partner trainers and consultants.
- Certificate of Attendance provided.

## Apps Explored

This course can be used in these Learning Designer Pro certification routes
