

CIN5

Digital Storytelling

What's the course about?

Master the art of digital storytelling in your classroom with the help of Microsoft's AI and Media tools. Discover how these tools and Canva can bring learning and stories to life through images, text, and sound. Encourage students to create structured personal narratives and stories that clarify complex concepts and bring abstract ideas to life.

Skills and Knowledge Acquired

- Draft storyboards in Whiteboard.
- Integrate audio, visual, and motion elements to enhance storytelling.
- Empower students to craft interactive personal narratives.
- Develop techniques that persuade, inform and entertain.

Course Information

- Gain access to a library of resources and tutorials.
- Available as a 2 hour, half-day or full day course.
- Live online or in-person training options.
- Training by official Microsoft Global Training Partner trainers and consultants.
- Certificate of Attendance provided.
