

CIN6

Adaptive Teaching Strategies

What's the course about?

When teachers adapt their instruction to provide appropriate levels of challenge for individual students, great things happen. Learn how to leverage powerful teaching, planning and formative assessment strategies and discover how the Microsoft environment can support creating alternative routes to learning. Save time on differentiation approaches with Copilot, Reading Progress, OneNote and Classwork. Build a learning environment where curricular materials are flexible and accessible.

Skills and Knowledge Acquired

- Tailor educational content with Copilot and OneNote..
- Accommodate diverse learners.
- Use Microsoft Tools to dual-code concepts, promote understanding and engage learners in self-supporting behaviours.

Course Information

- Gain access to a library of resources and tutorials.
- Available as a 2 hour, half-day or full day course.
- Live online or in-person training options.
- Training by official Microsoft Global Training Partner trainers and consultants.
- Certificate of Attendance provided.
