

Enriching Outcomes with Digital Creativity

What's the course about?

High quality learning outcomes and student presentation of work can be enhanced by integrating digital creativity into your curriculum. In this course, learn how to inspire students to present their work in visually compelling ways, fostering pride and ownership over their creations, and use Canva's suite of design tools to enhance traditional assignments and projects.

Skills and Knowledge Acquired

- Encourage innovative project presentations with Canva's creative assets.
- Blend traditional assignments with digital creativity for enriched outcomes.
- Cultivate a design mindset with Canva's diverse design elements.
- Showcase student work through Canva's presentation tools.

Course Information

- Gain access to a library of resources and tutorials.
- Available as a 2 hour, half-day or full day course.
- Live online or in-person training options.
- Training by official Canva for Education Partner trainers and consultants.
- Certificate of Attendance provided.

Create high quality media outcomes and the key benefits

Choose ways to present learning from static designs to websites and video
